Marion - Coron to Balabac

Marion and his partner had 13 days to explore the Palawan area and after much discussion we came up with this plan for him: fly into Coron from Manila, boat tour there, multiday boat tour to El Nido, combination tour there, van transfer to Puerto Princesa and the multiday boat tour while staying at the beautiful Balabac beach resort, and finally back to El Nido before heading back to Manila and then Paris. Includes our prices for two people (the total price with the amount to be paid in cash to his <u>boatman</u> - advance

payment is the difference), while some parts he arranged himself.
